

## Seasonal Camping Permit

I \_\_\_\_\_ wish to apply for the yearly camping pass. I have read and understand the following.

The user will pay the Casper Boat Club \$250.00, which will which will be charged to the member's account to cover all camping stays on the club grounds for the months of April thru September. I understand that all other camping rules apply, to include that no campsite will be reserved at any time (first come first serve). Also this does not entitle the user to any extended stays without the proper approval from the board per policy. This only entitles the user to camp on club grounds and pay a seasonal fee instead of the weekend fee.

Camper Description \_\_\_\_\_
