

The CBC Onshore News

February 2011

The nice weather and warmer temperatures the past few days has caused me to look forward to the summer boating season. With the holidays passed, the countdown to summer boating season has begun! We are now less than 80 days from the opening of the club in April.

As this newsletter is going out, we are waiting for the final bids for the back bay dirt work. We hope to start this project in the next few weeks to be completed by mid-March.

Please be aware that there are a couple upcoming changes that members need to note.

In order to accommodate the increased demand by members wanting to have power at their slips, we have been adding power pedestals to some docks along promenade. Some members may not need or want to have power at their dock or to afford the extra cost of a powered dock. In such a case, please notify the board and we will move you to another dock.

Some of our members are getting newer boats. Older boats were averaging 7 feet wide and fit into the current slips very well. The newer boats are averaging 8 ½ feet wide or bigger. To accommodate these newer boats, we will be widening the first one-third of the slips on promenade. Each slip's fees are based on square footage of the slip; therefore the increase in size will be followed by a small price increase. Here again if this is a problem, please notify the board and we will relocate you to another slip.

A tentative summer schedule is posted on the website. Please remember that fees are all due by March 1st, 2011 to retain your dock or storage space at the club.

Our first event will be the Commodore's Party on April 9th at the Petroleum Club. Please make your reservations with Karen at 237-9823. Hope to see you all there.

Boating season coming soon! Let's look forward to the kickoff.

Lee Burgess, Commodore

The 2011 CBC Calendar of Events
