

THE CBC ONSHORE NEWS

April 2012

Well, the ice is gone (on the lake) and the club has its water on with no problems. Sheryl and Trish are getting things opened up and dock assignments are done.

Commodores Party: As a reminder the Commodores party will be held on the 14th of April. We would love to see a lot of people attending.

Dock Coating: Ken Hampton has ordered the dock coating and it will be here soon. We are going to **NEED** help. We are doing the back bay docks 1 & 2. Some on the gas dock as well as the point. We need help as there are 200 gallons to put down. He will have rollers so anyone who can come and those who have a long handled paint roller to bring would be great. Please call myself, Ken, Dave or any board member as to the schedule.

Clean Up Day: The Cleanup day has been moved to April 21st so all can attend the Commodore party.

Other News: The club is open on the 14th of April for the weekend and will also be open on Memorial Day weekend and for the week.

See you on the water soon (or in back bay painting HAHA!)

Lynn Burgess, Commodore 2012
