

The CBC Onshore News

August 2010

Holy Cow, the summer is going by way to fast. I hope that everyone is enjoying it. The last few weeks have been wonderful weather and the water is even better. I hope that everyone is getting to spend some time at the lake.

I would like to give a huge Thank You to Larry Rubis and his Poker Run committee who put together the most successful poker run to date. It takes a lot of time and hard work and was a job well done. There were also rumors of some of the board getting dunked for the cause. Generous donations were made to Jason's friends again this year. Thank you!

Crew from the USS Wyoming joined many of us for a day on the water and dinner at the club again this year. It is an honor and a pleasure to have the crew here at the club. Thank you to our club manager Sheryl Ulrich and her staff for working on their day off and putting on such an incredible dinner for us. I would also like to thank those volunteers who helped out, Brian and Sandy Stober, Gary and Vicki Row, Dave and Paula Ried, George and Cheryl Rooney, Dick Gruner, and Bob and Jeanne Hopkins. It was awesome to see the "boys" get to relax and be treated so well by our members. Thank you!

Coming up in August will be the Beach party on August 14th. Come have some fun in the sun and play at the beach. The Annual Meeting will be held at the club on August 21st at 6 pm. The agenda for the meeting will be at the club. This is members' opportunity to hear the reports from your board of directors on club operations and finances for the year. This year we also have three board members up for re-election for three-year terms. Those board members whose terms expire on December 31, 2010 are Pete Ashbaugh, Sonya Gruner, and Paulette Hahn

Coming up in September, we are looking to repeat the laughter with another comedian. Keep your eyes on the website for more information or at the club. We are working on getting folks lined up for the fall boat washing the last two weekends that the club is open.

I hope everyone is enjoying our web cam and weather station online. The weather is updated every two minutes and gives the temperature, wind speed, humidity, rain, and barometer information. The web cam photo looks south from the club toward Fremont Canyon and is updated every 5 minutes.

For all of your updated club information go to www.casperboatclub.com.
