CBC Season-End Closing

Club Closing: Sheryll and her crew have buttoned up the club house and facilities. Lori the grounds keeper has completed the fall clean-up and trimming. The Board is making final preparation to shut down the water system and winterize the club and staff quarters. Thanks to Sheryll and staff for a wonderful season. As always excellent meals!

Gate Locking: Please make arrangements to remove any items from the club grounds prior to November 1st. We will be locking the gate for the winter.

Winter Land Storage: Please notify our bookkeeper, Karen (237-9823), if you plan to leave your boat/trailer at the club over the winter months. You may check with Karen for winter storage rates.

2011 Board of Directors: My sincere thanks to the Board of Directors and committee members for this past year. Even though the club closes down we will continue to have our monthly board meeting to plan and prepare for the 2012 season. It has been a pleasure and an honor to serve with such a great group of people.

Fuel System: There have been a lot of positive comments about the new fuel system. Gary Stokes reported that we had a record year of fuel use at the club. Thanks to Gary Stokes for all his help with the new system, it's up-keep, and all you do for the club!

Note from the Bookkeeper: As the season closes Karen has asked that members wrap up their final bills for September before the end of October. Thank you!

Website & Weather Cam: The club website is a great tool to keep up with the lake conditions, upcoming events, and activities. Check it out at www.casperboatclub.com

Thanks to the members for a great season,

Lee Burgess, Commodore
