

# *Casper Boat Club Newsletter*

October 4, 2021

It's the 4<sup>th</sup> of October, and I'm sad to say the club closed down at the end of the day yesterday. It was a wonderful season and we enjoyed another season of boating, socializing, and other fun lake activities. Tim and his staff will be busy this week preparing the club house for the winter. Winterization of the club house and grounds will take place on the 16<sup>th</sup> of October beginning at 9:00am.

It was a tremendous year. Tim and all of his crew that made it all work, need a big thank you from all of us. So, I would like to say thanks to Tim, Caleigh, Casamia, Colin, Everett, James, Kaleanna, Keegan, Maggie, Michael, Mike, Nathan, Nicole, Parker, Samantha, Tayla, Katie, Taylor and Tim 2. The food was delicious, and the service was wonderful, with wait times being reduced down to nothing! I always get asked if Tim is coming back next summer. Tim is currently negotiating with the board, so we should know soon.

There are several other folks that worked hard to make the boat club a wonderful place. Rob Vondra took great care of the grounds. Dave Herman kept the flowers pretty, and Gary Stokes made sure we had fuel for the boats all summer long. Thank you for your work, gentleman.

The water is dropping already, and I see that most boats are out of the water. If you plan on storing your boat on the grounds of the Casper Boat Club, let Karen know. There is a storage fee over the winter months. Karen can be reached at (307)237-9823. Thank you Karen, for all of the work you do.

Thank you to all of the members that attended the annual board meeting. The bylaw changes will be worked on next season again. Many of you asked to be involved in the rewrite. Let the board know if you are interested in helping. Contact information can be found on the CBC web site. I want to welcome Deo Carmichael and Darin Rodgers as the newest members of the club, board of directors. Lastly, thank you Jinnger Moore for your hard work, while serving on the board.

I would rather Water Ski, than Snow Ski!  
Respectfully,

Mark Bower
