

Casper Boat Club Newsletter

August 2, 2021

What a perfect Poker Run. It rained Friday night and Saturday morning. Cleared up just in time for the Captain's meeting. The weather was perfect. The members costumes and the boat were decorated, like I have never seen before. Fun was had by all.

Thanks to all of the Board and club members that worked hard to put on a fun event. Thanks to our sponsors, donors, Rodeo Rick, club staff and Meals on Wheels personnel for getting it done. The event raised approximately \$50,000. which is an entire month's grocery bill at Meals on Wheels. The money will supply around 5000 meals.

The Garage Boys will be at the club the night of August 14. This is the same evening as the street dance in the trailer court. Suzi and I will be supporting both. Dinner at the street dance and live music at the Casper Boat Club. It should be a fun night, and potentially a late night.

The Annual meeting will be held on the grass at the Casper Boat Club, 10:00am September 4th. We need as many members as possible present. We will be voting in new board members, and **voting on the updated bylaws.**

If you're interested in serving on the board let me, or any of the current board know. Its nice to be involved in positive work and sometimes change, at the club.

Still working on the camping issue. I would like to put together a group of 6 members that are interested and take advantage of the club camp sites. We need to make the whole camping experience easier and more fun. There are so many issues, such as limited spaces available, reservations or no reservations, drop and go, two or more trailers in one spot. The list goes on and on. It would be nice to resolve this before our next season starts. Call me if interested in helping. 307-215-6075. Once again, I need to remind you that we are governed by the BOR. All of our great ideas aren't always OK with them.

I look forward to seeing all of you, soon. Let's enjoy
The rest of the summer!
Respectfully,

Mark Bower
