

Casper Boat Club Newsletter

May 1, 2020

I hope that everyone is staying safe during this last leg of the quarantine! (We Hope!!!)

Due to the quarantine, we will have to cancel the Mother's Day Buffet. Please still make the day special for your Moms. They are-after all- the backbone of every family!

The Club is going full swing with the curbside orders. The response has been amazing. Thank you, Tim and crew for doing an amazing job with the cards that were dealt to everyone.

Due to lifting of some quarantine restrictions, **beginning May 8th**, dining will be available on the patio only. There will be a limit on the number of people at any given time due to social distancing so please call ahead to make sure tables are available. This is for eating only and not hanging out, we need to be considerate of the other members that would like to enjoy eating at the club. I am sorry for all the restrictions, but the safety of our members is the number one concern.

I have attached the revised menu.

The Ice Breaker will be postponed until later in May. We feel it would be best to have the dinner in 2 nights- Friday and Saturday- then everyone that wants to attend can, but we will be able to keep the tables farther apart.

Orientation for new members will start on May 15th. Board members will be calling to set up times for your information session and tour.

I thank everyone for your understanding, and let the games begin as soon as possible!

Respectfully,

Linda Vondra
Commodore 2020
