

Casper Boat Club Newsletter

May 2, 2021

Happy May to all of you,

The club has been open for a couple of weeks now. The atmosphere, the food, seeing friends, it's a great place to be. I'm starting to see some boats in the water. People are excited to be back at the lake and at the club. Life hardly gets better.

There is a lot going on the month of May. Yesterday 1 May, was the Kentucky Derby party. There were plenty of big hats, pretty dresses and Tim's famous Mint Juleps. The crowd seemed to enjoy the joyous event. There were winners and losers, but I think in the end everybody came out ahead!

Next Saturday the 8th of May at 9:00, there will be a club cleanup. We need everybody's help in making the club nice. We need lots of help. Bring rakes, blowers, brooms and don't forget the work gloves. After the work is done there will be a nice lunch of chilly dogs, red and green chile, as well as refreshments. Your 1st adult beverage will be on the board, so come and have some fun.

May 9th is Mother's Day. Bring the wonderful "Mom or Moms" in your life to the club for a Mother's Day Buffet. The menu can be found on the club website.

The 15th is the Ice Breaker. Be sure to call the club to make reservations. It is one of the favorite events of the year.

For you fit minded and body folks, there is a Canyon to Curve Race on May 31st.

Don't forget the club is open Friday, Saturday and Sunday for lunch and dinner, through the month of May. It's the perfect opportunity to use your \$75.00 monthly, use it, or lose it, fee. Talking about money, just a quick reminder all club bills are due by the 20th of each month.

There have been a couple of appliance breakdowns in the kitchen. Tim along with several board members are working on finding and purchasing replacements before the busy season is upon us. Tim and his staff have been doing great with the available menu items. The salad bar is once again, a tremendous hit!

The board is busy repairing docks again this year. On the 8th during the cleanup day, we will have welders working on docks. The flag pole was removed several months ago, for a complete work over. It has been repainted, and new pulleys and rope will make it easier to use. It should be hoisted back into place on that same day. There are several lifts that will be moved by Lee Burgess and his team of divers. The dock with the Mast Hoist will once again be available to our sail boating friends. I'm looking forward to a great year.

See you at the Club.

Respectfully,

Mark Bower
Commodore 2021
