

Casper Boat Club Newsletter

June 2020

Hello Members,

I hope this month's newsletter finds everyone healthy and staying safe.

The Club is open and running smoothly. The social distancing has been perfect, and the food is AMAZING! (Thank you Tim and Crew)

May's monthly \$75 assessment will be added to June's assessment. What this means is that you have until the end of June to use your \$75 from May AND the \$75 from June. We feel with everything going on, members may not feel comfortable coming to the Club or using curbside.

The Icebreaker (meet & greet) was a success. The Board members had three stations set up to mix different tropical drinks for members. We had a great time visiting with old members and getting to know the new members.

The All-You-Can-Eat Seafood Buffet will happen later in the season - unless restrictions prohibit us from having it.

The Casino night has always been a fun event each year. This will be postponed until a later date also.

The Poker Run will be held July 24th - 25th, and we are already in the middle of planning everything!

Lynn Burgess, Pat Burgen, and Rob Vondra got the barge for the fireworks fixed and running. A small sinking incident happened but was quickly fixed by Pat and Rob. LOL! Thank you Vondra kids for painting the barge.

The docks are looking very good. Thank you Mark, Lynn, Lee and Jeremy.

WE STILL NEED VOLUNTEERS FOR SETUP AND TEARDOWN OF FIREWORKS.

I have always felt that you make due with what you have! The Board is working very hard to make this happen. Our main concern is the safety of all our members. Everyone knows new changes are happening daily, and sometimes hourly, and the best way to see what is going on at the Club is to check the website (www.casperboatclub.com). Dave Herman updates the site as new information becomes available.

The warm weather is FINALLY here so let's just enjoy!!

Please be safe!

Linda Vondra
