

# *Casper Boat Club Newsletter*

June 2019

Hello CBC Members,

Maybe summer is finally here. Let's hope!

We had an excellent Mother's Day Brunch, serving over 30 people more than last year. For the Icebreaker we had 92 attendees. Unfortunately, we were maxed out and had to turn away some people at the all-you-can-eat seafood buffet, but a good time was had by all.

Sonya's, 11th Annual Canyon to Curve Run, was a great success as usual. Thank you to all the volunteers who helped organize the event and the fantastic Boat Club staff. We had 40 runners and great weather this year.

I received an email from the County/BoR and they have forced us to remove our fire pits. We can have gas-valved appliances only. Rest assured, the Board will not allow this to be in our future lease.

Rob Vondra is again going to oversee the fireworks this year, but because of his recent bypass surgeries, his help will be limited. We're going forward with new volunteers and the fireworks will be delivered this week.

A big thank you to Mike at Driven Marine for helping us get the Club pontoon barge up and running.

Some of the Club members were inconvenienced, not to mention Tim and the staff, as the County had a major water line failure. Coincidentally, our pressure tank sprung a leak the same time, so no water for a day. Sorry for the few that were inconvenienced, but everything is now repaired and up and running.

As usual, use the Club, enjoy the lake, and I hope to see you all there!

Thank you.

Lynn Burgess  
Commodore
