

Hello CBC Members,

The 2019 boating season is over, unfortunately, and I want to send out a special thank you to my board for the outstanding job that was done this year. And of course, Tim Carlson and his crew for being a great concessionaire. In addition to this newsletter, enclosed is your bill for the 2020 membership year. The fees must be paid by **March 1st, 2020** or arrangements can be made with the treasurer, Julie Greiner. As Mark Bower needs to know what docks he has the ability to reassign from the dock waiting list. If you have no intentions re-upping, please give Karen a courtesy call or a board member. This will help expedite next year's dock assignments.

Have you given up your land telephone line? In order for the dock committee to contact you, we need a current phone number. Please fill out the enclosed form and return to Karen via email, karen@peppertank.com or include it with your payment.

We also are saying goodbye to fantastic board members, Dave McMahan and Sonya Gruner, as they are at the end of their terms. Sonya with her entertainment and special events, did a phenomenal job, as did Dave with his never ending running of his bobcat for whatever job the club needed, as well as his cement and construction knowledge. Please welcome to the board Pat Burgen and Katie Sittner.

There was a kayak stolen from swim beach and a wake board taken from the loading ramp as the member was dealing with a dead battery. He removed the board from his tower so he could hand load his boat and when he came back to get it, it was gone. I had some tools stolen off the floating dock during the Poker Run, Williams brand ½" ratchet & 15/16" socket. Someone opened the hydrant on swim beach and washed away a huge amount of sand into the lake and leaving a big ditch. The Board will have to go to the Bureau of Reclamation and ask to bring more sand in or go through the red tape involved with bringing it back out of the lake. This is your club.

Hope everybody has a fantastic Christmas Holiday. Be safe and for all the snowbirds, no worries, we will take care of your club while you are gone. LOL

See everyone next year.

Lynn Burgess, 2019 Commodore
Casper Boat Club
